This Month in History

July 20, 1969 - A global audience watched on television as Apollo 11 Astronaut Neil Armstrong took his first step on the moon. As he stepped onto the moon's surface he proclaimed, "That's one small step for man, one giant leap for mankind" - inadvertently omitting an "a" before "man" and slightly changing the meaning.

July 31, 1790 - The U.S. Patent Office first opened its doors. The first U.S. patent was issued to Samuel Hopkins of Vermont for a new method of making pearlsh and potash. The patent was signed by George Washington and Thomas Jefferson.
