

“Jeffy’s Muzings”

Would someone please tell me what or where did my use of email go to at home. I am under the gun of Rosarita to get this information to her and after I put in my new and improved virus protection I am being protected in reverse. I cannot send anything out. My delete, check mail, forward, etc. is ignoring me. If I want to be ignored I can just come to a meeting on Wednesday or visit with my kids for a while. If anyone knows that magic of this stuff please call me. Tom Cooper, you like junk like this, call me. I am writing this at my office so I can get out of trouble with Rosarita.

By now you know about Big John or should I say Rigged John. Ya, he is rigged to the tune of four new pipes in his chest. You go in for a routine hangnail and “bam” you come out with a quadruple bypass. I could not believe it. I talked with him Monday and he sounded pretty good. He is not chasing Lila around the room yet but he did mention the cute nurses....so his eyesight is coming back. Get Well soon and send little Joe for a check up. I know he has the best insurance money can buy. It’s second to one that would be the federal government’s insurance program. Joe, take advantage of it and get checked out.

I did not know I had such influence on the club. I miss a board or bored meeting last week and they plan the budget without me. I miss only because it was Cindy’s birthday and she is president of my club. It’s kind of an exchange club too. Anyway then I find out we postponed the Boot ‘n Bar-B-Que dance until a later date. I could not believe I could make such a difference in the club or is it just they get a lot more work done when I am not around. Anyway you look at it a lot of important decisions were made and I was not there to mess it up. We will get back to you all on the particulars of the dance and a new date. That was a good decision when the country is in the middle of the largest natural disaster of our United States. Let’s get through helping the coast and then get back to helping our special programs in Garland, Texas.

The meeting last week was very entertaining. We had a clown there. No, not Dennis or Dave or even me. We had a real clown from the Mesquite Rodeo. His name is Kenny Petet. Kenny is something else. I thought he was a throwback from the seventies. He had the loud clothes and that funny look in his eye. I guess he has a funny look quite often. It maybe he has been kicked in the head one too many times. Kenny was super. He told us he came to the Mesquite Rodeo for a part time gig – 10 years ago and he has been there ever since. They put him in the big barrel and Kenny has been there ever since. Kenny told us how to get into the barrel and hold on for dear life. He was ridden broncs and Harleys as well. Kenny said there are a lot of bad bulls out there and it is his job to protect the cowboys. Well Kenny how about protecting yourself? He does just that. With the right training and a few loose marbles Kenny was managed to stay healthy for the better part of 20 years. He did give us some names of the bulls and they are clever. Here area a few – Evil Roy, Crooked Nose, I wonder if it is his nose or your nose. There was Bandero and Purple People Eater. The one I like was Spec. Spec was the daddy and he liked the women. He has lots of little bulls. There was Spec-tacular, Spec-more, Spec-less, and my favorite, Spec-sumpin. He said when you rode him you better spec sumpin to happen to you. Kenny also told us about the poker game in the middle of the arena. Four stupid people would sit in chairs at a card table and wait for the bull to knock them out of their chair and scare them away. The last one sitting at the table won \$400. Kenny said the ride to the hospital was \$450. You to the math. Anyway that is a sight to see. All of the rodeo is a sight to see. Kenny was fun. If you get a chance to see him in his barrel, please do. The rodeo is a great time for the whole family. We try to go every year and watch people almost die. It’s a rush!

Well that’s it for now. Call me about my computer if you have an answer. I am sending this to Rosie without the help of spell check or grammar check so it will be interesting. See you Wednesday at noon at Eastern Hill CC. Be sure and come.
UNITY for Service.....Ding!!
