

# MEMBER SPOTLIGHT Da DAA & Drum Roll

Yes, the first Member Spotlight person is our own President David A Weeks

David has been a member of The Noon Exchange Club of Garland since January 2003. He indicates that this is his only community activity. However he appears to be keeping busy and I think it is not all Exchange. He has a lot of alphabet soup letters after his name on his business card, which he got from working on an education. I don't really understand all those letters – but he is really smart. David went to Texas A&M and UTA and has accomplished to rack up 18 years experience as an environmental engineer

His star sign is Virgo, which means he was born late August the 29<sup>th</sup> to be exact. And he is a natural born Texan from Pasadena, Texas. Dave says his first car was a Camaro. It must not have been too exciting. But I guess his first job helped him to keep it running. That was changing tires at Western Auto (you'll remember that store?)

David has a desire to meet The Apostle Paul and Harry Truman and the best book read would be *East of Eden* and movies seen “Out of Africa & Legends of the Fall” His most recent reading was *Empire Falls* and most recent viewing “Must Love Dogs” His favorite children's book is *Under the Sycamore Tree*, and speaking of tree Fall is his favorite season with Green being his favorite color.

Dave's favorite article of clothing would be his underwear and I bet that looks real sharp with his biggest honor received – Navy Commendation Medal.

Dave has a lovely, and friendly wife, Loretta and two children. Robert, who is 17 and is planning on his college education and Meghan, who is 14 and working through high school.

Now let's go out and get some more members who will get involved like David has. He spoke up in 2004 and agreed to be President-Elect not really knowing what he was getting into. I say Give the man three cheers.

As previously stated the  
**Boots 'n Bar-B-Que**  
has been postponed until  
**Spring**

**\$2500**

is the sum that The Noon Exchange Club of  
Garland is contributing to hurricane relief
